

## PRO 35-A PNEUMATIC DRILLING MACHINE

PRO 35-A is very small portable pneumatic drilling machine which allows cutting holes up to 35mm diameter. Combination of pneumatic drive and permanent magnetic base eliminate the need of electric power supply thus making this machine an ideal solution in many hazardous environments such as oil drilling platforms, mining industry, shipbuilding or petrochemical industry.

PRO 35-A Technical specification	
Air consumption	1400 l/min
Motor power	800 W
Tool holder	19 mm (3/4") Weldon
Milling Cutter (Core drill) Ø	max 35 mm
Stroke	165 mm
Max depth of cut	35 mm
Cooling system	Through ring
Type of cooling fluid	Water soluble
Magnet dead lift (on 25 mm plate)	6500 N
Magnet dimensions: L x W x H	160 x 80 x 80
Overall dimensions: L x W x H	250x325x450/615
Weight	ca 14,5 kg

Pneumatic motor conforms to ATEX II2 G/D c IIC T6; T4 standards for equipment used in hazardous environments. Detailed information is available upon request.
